- HTML
- CSS
- C Programming

PROJECTS

Portfolio

This portfolio showcases my first project - a simple, responsive website built with HTML and CSS. It reflects my understanding of web structure, layout, and clean code. I'm excited to keep learning and building more projects.

Smart Irrigation System

Smart Irrigation System designed to automate watering based on soil moisture levels. It highlights my understanding of basic electronics, sensor integration, and efficient resource management.

IN-PLANT TRAINING

Salzer Electronics Ltd

During this internship, gained hands-on experience in wire harvesting and switch assembly. Learned the basic functions of transformers and inductors in electrical systems and their importance in circuit performance.

Wind Care Pvt Ltd

During this training, gained knowledge of crane-less technology with a focus on the installation and maintenance of wind turbines.

LANGUAGES

- Tamil
- English
